

AVIARY (Love birds, Parakeet, Finches, etc.)

Date Inspected: _____ Time Started: _____ Time Ended: _____

I. GENERAL INFORMATION

A. Name of Animal Facility: _____ TIN _____

B. Business Organization: Single Proprietorship Partnership
 Corporation Government
 Cooperative Others, pls. specify _____

C. Address of Facility: _____

D. GPS Coordinates: Longitude _____ Latitude _____

E. Status of Facility: Owned Rented/Leased

F. Owner/Authorized Representative: _____

Contact Information: _____

G. DTI/SEC/ CDA Registration No.: _____ Date of Registration: _____

H. Veterinarian/Consultant: _____ PRC License No.: _____
Contact Information: _____ Validity: _____

II. ANIMAL INVENTORY (Animals currently in the facility)

SPECIES	NUMBER OF BIRDS	REMARKS

Note: Attached Latest Quarterly Breeding Record from BMB - DENR

III. PERSONNEL (Currently employed)

PERSONNEL	NUMBER OF PERSON/S	REMARKS

Note: Quarterly Breeding Record from BMB - DENR

IV. GENERAL SPECIFICATIONS FOR ANIMAL FACILITY

Welfare Rating Based on RIRR and AC 4 S 2015:

4 – Good; 3 – Fair; 2 – Needs Improvement; 1 – Poor

FACILITY SETTINGS	4	3	2	1	Remarks/ Descriptions
• Facility location and topography					
• Type of environment/isolation from residential areas					
• Accessibility of the facility					
• Road condition to facility					
• Facility Security (fence, gates, doors etc.)					
• Facility Biosecurity					
• Facility design					
• Type of partitions					
• Cages/enclosures					
○ No. of cages/enclosures available					
○ Type of cages/enclosures					
○ Suitability of cages/enclosures for each species					
○ Adequacy of space (Stocking density)					
○ Adequate space for flight/exercise					
○ Provision of perches					
○ Suitability of materials used					
○ Type of flooring					
○ Beddings/substrate/nestboxes					
- Type of beddings/substrate for different species					
- Frequency of changing					
- Suitability of sizes of nestboxes for each species					
• Temperature and humidity					
• Ventilation					
• Lighting					
• Noise and vibration					
• Weather protection					
• Source of water					
• Drainage system					
• Cleaning, sanitation and disinfection					
• Pest Control					
• Waste management					
○ Solid wastes					
○ Liquid wastes					
○ Mortality pits					
• Regular monitoring and assessment of building and structures					
• Availability of fire fighting equipments					
• Availability of first-aid kit for personnel					
• Separate areas/cages/enclosures for					
○ Different species					
○ Sick/injured animals					

○ Newly-arrived animals					
• Contingency Plan for natural disasters and emergencies					
FEEDING PRACTICES					
• Feeding programs for different species					
• Sources of feed					
• Provision of food storage and system to prevent contamination					
• Source of water					
• Water provision schedule					
• Water potability test					
• Cleaning, sanitation and disinfection of feeders and drinkers					
PRACTICES THAT NEED SPECIAL ATTENTION	4	3	2	1	Remarks/ Descriptions
• Segregation of aggressive species from peaceful species					
• Segregation of predators from non-predators					
• Identification of animals					
○ Leg bands for all captive bred birds					
○ Proper labelling on the cages of other animals					
- Description					
- Number					
- Species					
- Scientific name					
- Common name					
- Breed					
VETERINARY CARE	4	3	2	1	Remarks/ Descriptions
• Veterinary health programs					
○ Vaccination (If applicable)					
○ Supplementation					
○ Internal parasite control programs					
○ External parasite control programs					
• Disease, injury and pain management					
○ Treatment and medications					
○ Euthanasia protocol					
BEHAVIORAL MANAGEMENT	4	3	2	1	Remarks/ Descriptions
• Facility and equipment to promote natural animal behaviour					
• Behaviour enrichment program					
• Behaviour observation log					
PERSONNEL QUALIFICATIONS AND RESPONSIBILITIES	4	3	2	1	Remarks/ Descriptions
• Veterinarian's training and seminars					
○ Animal welfare legislation and policies					
○ Written program for veterinary care					
• Other personnel's trainings and seminars					
○ Animal welfare legislation and policies					

• Record keeping					
○ Breeding records					
• Training on animal handling, care and emergency procedures					
• Written duties and responsibilities of personnel					
○ Ensure physical, health, and behavioural needs are met in accordance with good practice and scientific knowledge					
○ Ensure facility is appropriate to nature, behaviour, size and must be kept in clean and sanitary condition at all times					
○ Regular assessment and monitoring of facilities					
○ Regular monitoring and maintenance of machines, equipments and instruments
