¹ Heat treated products are acceptable following chapter 10.4 of the OIE Terrestrial Animal Health Code (2012) recommending, provided that in addition to the Veterinary Health Certificate, the Competent Authority will include in the certification the following:

1. Temperature and the duration of heating or pasteurization of products; and
2. There is no commingling of raw materials with any other materials of animal origin.

² Presentation of International Veterinary Certificate attesting that the entire consignment of fresh meat comes from poultry free from Notifiable Avian Influenza (NAI) since they were hatched for the past 21 days; which have been slaughtered in an approved abattoir in a country, zone or compartment free from NAI and have been subjected to ante- and post-mortem inspections in accordance with Chapter 6.2. of the OIE Terrestrial Animal Health Code and have been found free of any signs suggestive of NAI.
