OTHER QUERIES:	ANSWER:
1. Who will handle the quarantine site?	*All cost during the quarantine period including quarantine site rentals, manpower, medical and feed requirements shall be shouldered by the supplier. Furthermore, the supplier will also provide stay-in veterinarian for the whole quarantine period; BAI will assign counterpart veterinarian(s) to supervise the 30 day quarantine period of the animals.
2. Who will handle the additional cost if the animals were not release after the 30 days quarantine period?	*National Livestock Program will handle the added cost if the animals were not release after the 30 days quarantine period.
3. Can the animals be quarantined in 1 site? Separate sites will cause a tremendous increase in cost	* The animals shall be unloaded and then transported for quarantine to at least one (1) of the BAI-approved government or private facility/farm in Luzon. The farm should not be previously affected with African Swine Fever. If the farm is located in the RED (Infected) Zone, it must be outside the 500-meter radius of the previously infected premises. The facility is preferably climate-controlled.
