PHO reported a suspected rabid animal. Please visit RADSS System to trigger disease investigation and coordinate with the rabies one health team. <https://radss.philahis.bai.gov.ph/RADSSM/LabCaseNo?caseno=R210304135237>

You can also visit the public dashboard by clicking this link. <https://radss.philahis.bai.gov.ph/RadssDashboard?caseno=R210304135237>

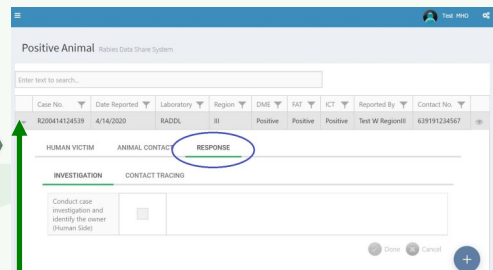

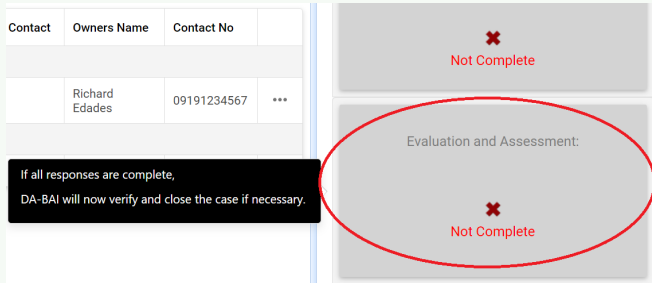

After receiving the automated email or sms message, click the link provided in the email or sms to obtain the information.

The dashboard contains information about the animal, animal location, victims and responses.

# 3

## STEP 3: EVALUATION AND ASSESSMENT

Bureau of Animal Industry (BAI) will review the case and verify if all responses are complete.

After selecting click the link provided in the black pop up box.

Expand the case you want to evaluate and click the response tab.

# 4

## STEP 4: COMPLETE RESPONSE

If all responses are complete, just simply tick the check box and click done.

Once done, the case report will go to the archive page for record keeping.

Alternatively, BAI can respond to cases in the dashboard by clicking the "Verify And Close this Case" button.
