MEMORANDUM CIRCULAR

NO. 21
Series of 2019

**TO : ALL IMPORTERS OF ANIMAL FEEDS, VETERINARY DRUGS
AND BIOLOGICS**

FROM : OFFICER-IN-CHARGE, DIRECTOR

**SUBJECT : APPLICATION FOR THE UPLOADING OF THE LIST
OF IMPORTABLES**

To further facilitate and enhance the processing of Sanitary/Phytosanitary Import Clearances (SPS-IC), the uploading of the List of Importables will no longer be required from the importers. After the approval of the Certificate of Feed Product Registration (CFPR), Certificate of Product Registration (CPR) and Certificate of Veterinary Biological Product Registration (CVBPR), the Animal Feeds, Veterinary Drugs and Biologics Control Division (AFVDBCD) will now do the uploading of the List of Importables directly to Intercommerce both for the initial and renewal of registration of products. As such, Importers will no longer be required to upload their Importables to Intercommerce. Once uploaded by AFVDBCD, importers may now apply for SPS-IC for the importation of their products. However, Importers are still required to secure the approved documents from the Records Section to be used as attachments for SPS-IC applications. Products in the List of Importables with expired validity of either LTO or CFPR, CPR and CVBPR will be deleted automatically from the said list in which case, importers will not be able to apply for SPS-IC.

For strict implementation effective 01 August 2019.

RONNIE D. DOMINGO, DVM, MSc
